MINUTES

- **SEFRTOC Stats (Helena)**
 - August stats reviewed and discussed.
- **Hurricane Season**
 - SERFTOC Contacts have been updated and distributed.
- **FLATIS**
 - Group discussed the audio email and 511 user feedback.
 - Group discussed guidelines for coordinating messages for non-reoccurring congestion that cross over into adjacent TMC area. It was determined that the adjacent TMC will message for the backup that affect their area of coverage and/or follow their own SOG's
 - Group discussed that the 511/FLATIS system does not provide information regarding scheduled roadwork until the event is made active. This prevents the motorist from being informed of upcoming events and making alternative plans.
- **Other**
 - I-95 Express Lanes
 - Joe Snyder spoke about the move to the start of construction of the SB I-95 Express Lanes. The plan is to start the delineation of the roadway in November 2009 with the ramp signaling to follow shortly thereafter. The hope is to have the SB I-95 Express start January 2009.
 - PB Smart SunGuide TMC Update
 - Helena discussed the startup of the Palm Beach Smart SunGuide TMC. The move from ITMS to the new location was uneventful. Phone calls to the ITMS are coming up with a busy signal and not being forward to the new center. Helena will look into the problem

-
- Department of Environmental Protection (DEP)
 - Anna Gannon discussed DEP role and her wish that there be some type of notification process begin to inform DEP of events that may require their response.
 - Awards
 - Jim Washburn presented Catherine Werner with the Davis Productivity Award
