*"A Sunnier Tomorrow Through SAFER, SMARTer Freeways and Tollways"*

## Tentative Program and Call for Papers Announced for 2008 TRB/IBTTA Joint Conference on Freeway and Tollway Operations

FORT LAUDERDALE, FL, December 11, 2007 - The 2008 Transportation Research Board (TRB) / International Bridge, Tunnel and Turnpike Association (IBTTA) Joint Conference on Freeway and Tollway Operations official website ([www.2008FTOC.com](http://www.2008FTOC.com)) is now providing tentative program information and accepting abstracts.

The 2008 Freeway and Tollway Operations Conference is expected to be one of the most interactive and informative events to date. The five-day conference is being held in Fort Lauderdale area, Florida, USA, June 15-19, 2008. There are four tracks planned covering the following topics:

- Expressway/Motorway Management
- Tollway and Tolling Operations/Managed Lanes
- Operations and Control Center Technologies
- Safety in Incident Management.

A downloadable tentative conference program is now available online.

Anyone interested in being considered as a speaker at the conference should submit an abstract. The focus of the conference will be on freeway and tollway operations, and how pricing and public-private partnerships may impact the future. Possible abstract topics are listed on [www.2008FTOC.com](http://www.2008FTOC.com) where additional abstract submission details are also available. The deadline for abstracts is February 1, 2008. Selected authors will be notified by March 1, 2008.

The conference will be held at the Hyatt Bonaventure in Weston, Florida. For further information on sponsorship opportunities, purchasing a booth in the exhibit hall, the conference program, venue, and registration, visit [www.2008FTOC.com](http://www.2008FTOC.com).
